RULESET

CHARACTERS: Five-player game

OVERVIEW:

Alice finds herself returning to the magical world of wonder she created in her dreams. She reunites with her friends and learns what her destiny is through quests. Alice finds herself falling down the rabbit hole from the real world into a familiar chaos, only she needs to find out who she can trust, and which side she should choose.

White team

MAD HATTER

WHITE QUEEN

Red team

QUEEN OF HEARTS

RED KNIGHT

Neutral team in ACT 1

ALICE

CHARACTER CARD

Each player receives their relevant character card which states their weapon, objectives for each Act, and starting locations.

COMBAT CARD

Each player receives their relevant combat card which shows their character's strength and allows them one opportunity to combat an opponent's power card.

BOARD AND GAME LOCATIONS

The game board is divided into eight segments, showing one of eight locations:

1. REAL WORLD
2. WHITE QUEEN'S CASTLE
3. MUSHROOM FOREST
4. RABBIT HOLE
5. JABBERWOCKY LAIR
6. MAD HATTER'S TEA PARTY
7. BANDERSNATCH LAIR
8. QUEEN OF HEARTS'S CASTLE

- Rabbit card pick-up

- Power card pick-up

- Character tokens

- Weapon space for weapon tokens

RABBIT HOLES

- These are starting positions.
- Players can land on rabbit holes and spawn to another rabbit hole on the game board.
- They cannot spawn to another rabbit hole on their first turn.

GRASS SPACES

- This is where the grass tokens are placed in Act 1.
- There are various characters at the back of the tokens.

OBJECTIVE

In this narrative boardgame, players need to complete quests with their team and 'create' their weapon to defeat the opposing team.

This game consists of two Acts, each with different objectives.

WHITE TEAM:

- ❖ ACT 1: find Alice's token and gain her as a player on your team.
- ❖ ACT 2: complete 5 quests and flip over 4 Vorpall Sword tokens to slay the Jabberwocky.

RED TEAM:

- ❖ ACT 1: find Alice's token and gain her as a player on your team.
- ❖ ACT 2: complete 5 quests and flip over 4 Axe tokens to say "off with your head" to the opposing team.

ALICE:

- ❖ ACT 1: sabotage both teams by flipping over or strategically blocking grass tokens.
- ❖ ACT 2: now part of either the White or Red team, complete the same Act 2 objective as your team.

GAME COMPONENTS

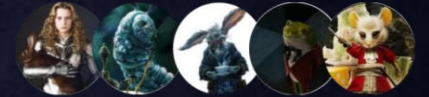

- ❖ 1 game board

- ❖ 60 clock coins

- ❖ 5 character tokens

- ❖ 7 weapon tokens

- ❖ 65 inventory tokens

- ❖ 5 player pieces

- ❖ 5 character cards

- ❖ 5 combat cards

- ❖ 80 power cards

- ❖ 60 rabbit cards

Refer to page 9 & 10 for each component's function.

SETUP

1. Randomly place the 5 character tokens face down on the designated points on the game board. There are 5 of these points each represented by a grass space.

2. Each game location has a bank. Place the inventory into the relevant banks as follows:

- Real World – none

- White Queen's castle –  

- Mushroom Forest –  

- Rabbit Hole – 

- Jabberwocky Lair –  

- Mad Hatter's Tea Party –  

- Bandersnatch Lair – 

- Queen Hearts Castle – 

BANKS

3. Give each player 1 character card, 1 combat card, and 3 clock coins. These clock coins are your lives.

4. Place player pieces on top of the rabbit hole in their assigned starting locations.

CHARACTERS' STARTING LOCATIONS:

- Alice – Real World
- Mad Hatter – Mad Hatter's Tea Party
- White Queen – White Queen's Castle
- Queen of Hearts – Queen of Heart's Castle
- Red Knight – Jabberwocky Lair

INVENTORY TOKENS AND BANKS

❖ INVENTORY TOKENS

These tokens are used during rabbit quests, and are kept in the bank spaces.

❖ BANKS

- There are banks found at each location on the game board.
- Banks hold inventory for quests.
- Banks can both receive and lose inventory.

- ❖ **WONDERLAND BANK** Lose one of your clock coins (lives), or gain a coin from the Wonderland Bank, depending on the instructions given on power cards.

- Inventory is placed in its starting bank locations – see page 4.
- When a player is completing a quest, they pick up the inventory from the bank location, as instructed on the rabbit card.
- Players need to be **INSIDE** the location—not on the border—in order to pick up inventory from that location's bank.
- Move along the board and deliver the inventory to the second location.
- Players need to be **INSIDE** the location—not on the border—in order to deposit the inventory.
- Once this is done, a quest is complete.

HOW TO PLAY

ACT 1

The player who has the Alice character card starts first, and the play continues clockwise.

On a player's turn:

- Move your player piece one space per turn.
- You cannot spawn to another rabbit hole in your first turn.
- You can move in any direction.

If you land on one of these spaces, do the following:

- Open space – no instruction that turn
- Rabbit Hole – spawn to another rabbit hole
- Power card space – pick up a power card
- Rabbit card space – pick up a rabbit card
- Grass space – flip the grass token on top of the space to reveal a character.

OBJECTIVE:
Red and White teams must flip the grass tokens to find Alice.

Continue until Alice's character token is revealed.

The team who successfully flips Alice's character token right side up gets Alice to play on their team.

During Act 1, weapon tokens will not be activated.

Act 2 begins once Alice is found.
(See next page)

HOW TO PLAY

ACT 2:

In Act 2, Alice joins the team that found her in Act 1.

Weapon tokens are now activated, and grass tokens are removed from the game board.

Randomly place 5 neutral weapon tokens on the game board's weapon spaces, represented by a chest symbol.

Players continue from the last player's turn, moving clockwise.

On a player's turn:

- Move your player piece one space per turn.
- You can move in any direction.

If you land on one of these spaces, do the following:

- Open space – no instruction that turn
- Rabbit Hole – spawn to another rabbit hole
- Power card space – pick up a power card
- Rabbit card space – pick up a rabbit card
- Weapon space – before you can begin flipping weapon tokens on these spaces, complete **3** rabbit quests. Once done, you can flip weapon tokens to show your team's weapon.

OBJECTIVE
Complete 5 rabbit quests to win.
Flip 4 weapon tokens.

WEAPON TOKENS HAVE THREE SIDES

Vorpall Sword
WHITE TEAM

Axe
RED TEAM

Neutral Side

WEAPON TOKENS:

- ❖ Each player's objective is to complete 3 rabbit quests so they can start flipping weapon tokens. They can only start doing this after completing 3 Rabbit card quests BUT in order to win, 5 quests need to be completed.
- ❖ To flip a weapon token on a weapon space, players need to land on the weapon space.
 - If the token on the space shows the neutral side, flip it to show your team's weapon.
 - If the token shows an opposing team's weapon, flip it back to neutral.
- ❖ Players are not allowed to move back and forth to a weapon space.

WINNING THE GAME:

A team wins once it has 4 weapon tokens showing on the board, and at least one player in that team has completed 5 rabbit quests.

REFERENCE SECTION - CARDS

❖ POWER CARDS

- FUNCTION: allow players to sabotage, give power or take away power from other players.
- To pick up a power card, land on a power card space.
- You can save these cards to use later before your move on the board, unless the card instructs otherwise. You can keep a MAX of 3 cards at a time.
- Players must return power cards to the bottom of the deck after they're used.

❖ RABBIT CARDS

- FUNCTION: give players quests to complete.
- Land on a rabbit space to pick up a rabbit card.
- Complete 3 rabbit quests to begin flipping weapon tokens.
- Keep your rabbit cards to keep track of your quests.
- Players can complete a MAX of 6 quests.

❖ COMBAT CARDS

- FUNCTION: Players have the ability to use the combat card they received at setup to combat an opponent's power card.
- This combat card is their character's strength.
- A player only gets one card and can choose when they'd like to play their card.
- You can only use it once.
- Turn over once used.

❖ CHARACTER CARDS

- FUNCTION: players receive a card during setup to determine which character they will play.
- The card states the character's weapon, objectives for each Act, and starting locations.

REFERENCE SECTION - TOKENS

❖ CLOCK TOKENS

- During setup, each player gets 3 clock tokens – these are your lives.
- These clock tokens can be given or taken according to power cards instructions.
- If all your lives (coins) are gone, you are out of the game.

❖ RABBIT HOLES

- Players can land on rabbit holes and spawn to another rabbit hole on the game board.
- They cannot be used in the players' first turns.

❖ WEAPON TOKENS

Neutral side

- These tokens are used in Act 2 to defeat the opposing team and win the game.
- Players can only flip tokens once they've completed 3 rabbit quests.
- Players can only flip tokens to their weapon when the neutral side is showing.

❖ INVENTORY TOKENS

- These tokens are used during quests and are kept in the bank spaces.

❖ BANKS

- There are bank spaces found at each location on the game board.
- Banks hold inventory for quests.

❖ CHARACTER TOKENS

- These tokens are used in Act 1, and are placed randomly, face down, on the game board.
- Once the Alice token is flipped right side up, the game moves onto Act 2.
